GRADE 5
PERFORMANCE TASK

Given the rise of CoVid-19 cases in the world, the Philippines is making its own efforts to contain and delay the fast spread of the virus. Since you are a member of the Presidential Communications Operations Office (PCOO), you are tasked to create a PowerPoint presentation that will help update the country of what the Interagency Task Force (IATF) namely the DOH, DILG, and DSWD has been doing to address the COVID-19 pandemic.

The presentation must contain a summarized information about what the aforementioned agencies have been doing to assure the public that steps are being made to eradicate the pandemic. Brief background of the coronavirus, its signs and symptoms and the preventive measures and care that people must do to fight the disease will also be included.

For the design of your PowerPoint, you will draw your own pictures related to COVID-19, then scan or take a picture and save them in your computer. Insert or paste your drawings on the title page and some slides of your presentation.

Your output will be evaluated based on the creativity and accuracy of the content or information in your presentation and proper use of grammar and spelling.

Materials:
- summarized articles from the net
- drawings about COVID-19 (scanned or saved in the computer)
- computer set
- internet

Instructions:

Please read the detailed content of your presentation below.

* You will draw your own pictures related to COVID-19, then scan or take a picture of them and save them in your computer. Insert or paste your drawings on the title page and some slides of your presentation.
**Content Slides**

**Introduction:**

- Origin, Cause, Signs and Symptoms of COVID-19 (Research and summarize in bullet form. Don’t forget to copy the websites you used and paste them on the last slide) 5 slides

- Show the number of cases in the Philippines for the past 7 (consecutive) days through a line graph using MS Excel.

  * Exit first your PPT application then open your Excel app. Make your Excel output then press print screen (prt sc/n) on your keyboard to screenshot the output you made. Then, go back to your PPT then paste it on the next slide. You can crop the picture to remove excess parts. Adjust the size of the picture to maximize the space of the slide. A sample output is shown below. You can change the color or design of the graph but don’t forget to put the title (COVID-19 Cases in the Philippines) and labels (date; number of cases). Then you can proceed finishing the rest of your slides.

  * Visit this channel (https://www.youtube.com/watch?v=0jdX22qM8JA) to review you on how to use line chart in graphing a data in excel. The first 4 minutes will be very helpful to you.

Sample Excel Output to be inserted/pasted on your slide:

- Preventive Measures and Care (Research and summarize in bullet form. Don’t forget to copy the websites you used and paste them in the last slide) 2 -3 slides
Body:

Research factual and updated articles on what the IATF (DOH, DILG, DSWD) has been doing to address the COVID-19 pandemic. Then, summarize or get only the important details of the articles. Present them in bullet form. Again, don’t forget to copy and paste the website that you used on the last slide. 4-5 slides

* Don’t read too many articles because they might confuse you. Two-three articles from legitimate websites may do.

Conclusion:

Sumulat ng panalangin para sa mga ahensya ng pamahalaan na kumikilos at tumutugon sa pangangailangan para sa krisis ng COVID-19. Ang iyong panalangin ay dapat binubuo ng 10 pangungusap na may pandiwa at pang-uri. 3-5 slides

Ang The Ten Plagues (Ex. 7:1-25) ay maaaring gawing batayan upang makasulat ng maganda at taos pusong panalangin. Ipininaliwanag ng kasulatang ito na sa mga panahon ng salot at pagsubok sa buhay ay mas naipamamasalas ng sangkatauhan ang kanilang panananampalataya at pakikipag-ugnayan sa Diyos.

Last Slide:
Sources- Include all websites that you used as references. 1 slide

Reminders: Your presentation must be eye-friendly (font size is 38-40, if background is dark, font color must be light and vice-versa, summarized info only, own drawings must be related to the topic of the slide where you will insert them), must follow correct grammar and spelling, must be very informational (facts only). Please save your PPT presentation and name it COVID-19 Project 2020.
Rubric for PowerPoint Presentation

To attain an excellent task that will give you a high score, follow the standards written in the rubric below.

<table>
<thead>
<tr>
<th>Criteria</th>
<th>3 Advanced</th>
<th>2 Proficient</th>
<th>1 Developing</th>
</tr>
</thead>
<tbody>
<tr>
<td>Content and Organization</td>
<td>The content of the PowerPoint is accurate and complete. The information is presented in a logical order.</td>
<td>The content is accurate and complete. However, some information is not presented in a logical order.</td>
<td>Content is accurate but incomplete. Information is not presented in a logical order, making it difficult to follow.</td>
</tr>
<tr>
<td>Grammar and Mechanics</td>
<td>The output follows correct capitalization, punctuation and grammar.</td>
<td>Some sentences don’t follow correct capitalization, punctuation and grammar.</td>
<td>Most sentences don’t follow correct capitalization, punctuation and grammar.</td>
</tr>
<tr>
<td>Presentation</td>
<td>The output displays contrast in the background and font color. Animations and transitions also enhanced the presentation making it smooth and interesting. The scanned or saved drawings are very creative and are related to the slide.</td>
<td>The output displays good contrast in the background and font color. Smooth animations and transitions are also used in most slides. Some scanned or saved drawings are very creative and are related to the slide.</td>
<td>The output displays poor contrast in the background and font color making it hard to read. Some transitions and animations are used in the slides. Scanned or saved drawings are not related to the slide.</td>
</tr>
<tr>
<td>Sources</td>
<td>A complete and accurate sources are included at the end of the presentation</td>
<td>The output included incomplete sources and are misplaced.</td>
<td>The output does not cite sources at the end of the presentation.</td>
</tr>
<tr>
<td>Chart/Graph</td>
<td>The line graph is very creative (in terms of color contrast and font), labels are complete and readable and data is accurately encoded and organized.</td>
<td>The line graph is creative (in terms of color contrast and font), some labels are present and readable and some of the data is accurately encoded and organized.</td>
<td>The line graph is difficult to understand, labels are missing and data is inappropriate.</td>
</tr>
